WELCOME LETTER

Dragi izlagači i posjetitelji,

Vrlo smo ponosni što Vas možemo ugostiti na šestom izdanju Jadranske vojne i zrakoplovne izložbe i konferencije - ASDA 2021. ASDA je, kao i do sada u organizaciji specijalizirane tvrtke TNT Productions LLC u suradnji s Ministarstvom obrane i pod pokroviteljstvom Vlade RH. Ova izložba predstavlja vrlo važan međunarodni događaj za hrvatsko gospodarstvo, obrambeni i sigurnosni sektor.

Ovim putem izražavamo zahvalnost tvrtci TNT za sve napore uložene u pripremu i organizaciju ove manifestacije, koja hrvatskim proizvođačima vojne i sigurnosne opreme omogućava osiguranje svojeg mesta na međunarodnom tržištu.

Veliki uspjeh ASDA-e 2021 je da smo u situaciji pandemijskih ograničenja uspjeli privući značajan broj svjetski poznatih izlagača, njih više od 155. Isto tako na izložbi očekujemo i veliki broj stranih izaslanstava, koja uključuju ministre obrane, načelnike stožera, zapovjednike kopnene vojske, mornarice i zrakoplovstva, nacionalne direktore za naoružanje.

Glavne izložbene teme – sveobuhvatni pristup pitanju sigurnosti na svim razinama, obrana kopna, mora i zraka, usmjerene su na prikazivanje najnovije opreme i sustava te nas raduje vidjeti i istražiti na koji se način one podudaraju s našim i vašim perspektivama po pitanju poboljšanja sigurnosti i obrane.

Uvjeren sam da će ova sada već tradicionalna izložba ASDA 2021 omogućiti bolje povezivanje i razmjenu ideja te dokazati svoju korist za zajednicu vojne industrije kao i omogućiti bolje pozicioniranje izlagača u skladu s budućim zahtjevima i izazovima obrambenog tržišta.

Kao zemlja domaćin, odlučni smo vam ponuditi izvrsne uvjete za susrete s vašim kolegama, razmjenu pogleda o suradnji u opremanju te stvaranju prilika za povezivanje, suradnju, razmjenu ideja o aktualnim tehnološkim trendovima i najboljim praksama u obrambenoj industriji.

Želim vam svima puno uspjeha na izložbi i mnoga lijepa sjećanja iz prekrasnog grada Splita i Hrvatske te vam zahvaljujem što ste izabrali sudjelovati na izložbi ASDA 2021.

S poštovanjem,
Predsjednik Republike Hrvatske i
vrhovni zapovjednik Oružanih snaga
Zoran Milanović

WELCOME LETTER

Dear exhibitors and visitors,

We are very proud host you at the sixth edition of the Adriatic Sea Defense & Aerospace Exhibition and Conference (ASDA). This year's ASDA, as previous five editions, is organized by the company TNT Productions LLC in cooperation with the Croatian Ministry of Defense and under the auspices of the Government of the Republic of Croatia. The tradeshow represents a very important international event for the Croatian economy, defense and security sector.

We would like to express our gratitude to TNT for all the efforts invested in preparation and organization of this event, which enables Croatian manufacturers of military and security equipment to secure their place on the international market.

The great success of ASDA 2021 is that in a situation of pandemic restrictions we managed to attract and gather a significant number of world-famous exhibitors, more than 155. We also expect a large number of foreign delegations, including Defense Ministers, Chiefs of General Staff, Army, Navy and Air Force commanders, National Armament Directors.

The main exhibition themes - a comprehensive approach to security at all levels, land, sea and air defense, are focused on showcasing the latest equipment and systems and we look forward to seeing and exploring how they match our and your prospects for improving security and defense.

I am convinced that the now traditional ASDA 2021 exhibition will enable better networking and exchange of ideas and prove its benefits to the military industry community as well as enable better positioning of exhibitors in line with future demands and challenges of the defense market.

As a host, we are committed to provide you with excellent conditions for meeting your counterparts, exchanging views on the armament cooperation, as well as creating an opportunity for networking, collaboration, exchange of ideas and best practices on current defence industry technology trends.

Wishing you all a lot of success at the exhibition and many fond memories associated with beautiful city of Split and Croatia, I would like to thank you for choosing to participate in ASDA 2021.

Sincerely,
President of the Republic of Croatia and
Supreme Commander of the Croatian Armed Forces
Zoran Milanović

WELCOME LETTER

Zadovoljstvo mi je poželjeti dobrodošlicu svim izlagačima i posjetiteljima na šestoj Jadranskoj vojnoj zrakoplovnoj izložbi i konferenciji - ASDA 2021.

ASDA je postupno gradila svoj ugled i značaj povećavajući broj izlagača i zemalja sudionica od 2011. godine do danas.

Ovogodišnja izložba, koja se održava pod pokroviteljstvom Vlade Republike Hrvatske i uz potporu Ministarstva obrane Republike Hrvatske ponovno je privukla mnogobrojne domaće i međunarodne izlagače, članove vlada, obrambene i vojne dužnosnike.

Posebno sam zahvalan našem partneru i organizatoru, tvrtki TNT Productions LLC, koja je prepoznala potrebu hrvatskih proizvođača vojne opreme i stvorila ovu izložbu. Njihov tim neumorno je radio kako bi omogućio predstavnicima tvrtki razvijanje odnosa s vojnim poslovnim partnerima iz cijelog svijeta.

Čvrsto vjerujem kako će izložba ASDA 2021. potvrditi da je nezaobilazno izložbeno mjesto za hrvatske i strane proizvođače vojne opreme, ali pokazati i sposobnost da održava korak s današnjim sigurnosnim zahtjevima koji se mijenjaju. Izazovi s kojima se suočavamo zahtijevaju od nas izgradnju odgovarajućih sposobnosti i održavanje dobro opremljenih snaga koje su spremne odgovoriti i očuvati sigurnost naših građana. Vjerujem da u tome i ASDA ima važnu ulogu. Naglašavam važnost koju pridajemo jačanju hrvatskih tvrtki, pomažući im da izlažu svoje najnovije proizvode uz relevantne međunarodne partnere. Njihova izvrsnost i proizvodi visoke kvalitete osiguravaju im sve veći broj korisnika na međunarodnom tržištu.

Poštovani izlagači i posjetitelji, vaša potpora i sudjelovanje na izložbi ASDA 2021. za nas su također vrlo važni. Uvjeren sam da je kroz prikaz obrambenih tehnoloških postignuća, ASDA 2021. mjesto dijaloga, razmjene ideja i poticanja daljnog razvoja vojne i tehničke suradnje.

Želim da ASDA pridonese promicanju hrvatske i međunarodne vojne industrije.

**S poštovanjem,
Ministar obrane
dr. sc. Mario Banožić**

WELCOME LETTER

It is my pleasure to welcome all exhibitors and visitors at the 6th biannual Adriatic Sea Defence & Aerospace Exhibition and Conference – ASDA 2021. ASDA has gradually built its reputation and importance by increasing the number of exhibitors and participating countries since 2011.

This year's exhibition organized under the auspices of the Government of the Republic of Croatia and with the support of the Ministry of Defence of the Republic of Croatia has attracted once again a number of domestic and international exhibitors, respective government members, defence and military officials.

I am especially grateful to our partner and organizer TNT Productions LLC for recognizing the need of Croatian defence producers and for organizing this exhibition. Their team has worked tirelessly in order to allow company representatives strengthen relationship with their military business partners around the world.

It is my firm belief that ASDA 2021 exhibition will reaffirm to be an indispensable showcasing platform for both domestic and foreign defence and security equipment producers, and also demonstrate the ability to keep pace with today's changing security requirements. The challenges we are facing require us to build adequate capacities and maintain well equipped forces to be able to respond and preserve the security of our citizens. I believe ASDA has an important role to play in this task.

I underscore the importance of bolstering Croatian companies, helping them to exhibit their latest products alongside relevant international counterparts. Their excellence and products of high quality have ensured them an increasing number of users on a demanding international market.

Dear exhibitors and visitors, your support and participation in the ASDA 2021 exhibition are also very pertinent to us. I am confident that this place of displaying defence technology achievements is also a place of dialogue, the exchange of ideas and fostering further development of military and technical co-operation.

I wish you a successful exhibition and best promotion of both Croatian and international military industries.

Sincerely,
Minister of Defence
Mario Banožić

WELCOME LETTER

Dragi izlagači i posjetitelji,

Vrlo smo ponosni što ova izložba predstavlja šesto izdanje Jadranske vojne i zrakoplovne izložbe i konferencije ASDA 2021, vrlo važnog međunarodnog događaja za hrvatsko gospodarstvo, obrambeni i sigurnosni sektor, u organizaciji, kao i do sada, TNT Productions LLC, organizatora specijaliziranih međunarodnih izložbi. Izražavamo zahvalnost za sve napore uložene u pripremu i organizaciju ove manifestacije, koja hrvatskim proizvođačima vojne i sigurnosne opreme omogućava osiguranje svojeg mesta na međunarodnom tržištu.

Jedna od ključnih značajki ASDA-e 2021 značajan je broj stranih izaslanstava, koja uključuju ministre obrane, načelnike stožera, zapovjednike kopnene vojske, mornarice i zrakoplovstva, nacionalne direktore za naoružanje, zajedno s više od 155 izlagača, među kojima su i neki od najboljih svjetskih proizvođača vojne opreme.

Glavne izložbene teme – domovinska sigurnost, obrana kopna, mora i zraka, usmjerene su na prikazivanje najnovije opreme i sustava te nas raduje istražiti na koji se način podudaraju s našim interesom u poboljšanju sigurnosti i obrane.

Uvijeren sam da će izložba ASDA 2021 dokazati svoju korist za obrambenu zajednicu vojne industrije kao i omogućiti bolje pozicioniranje izlagača u skladu s budućim zahtjevima vojnog tržišta.

Kao zemlja domaćin, odlučni smo vam ponuditi izvrsne uvjete za omogućavanje susreta s vašim kolegama, razmjenu pogleda o suradnji u naoružanju te stvaranje prilika za povezivanje, suradnju, razmjenu ideja o aktualnim tehnološkim trendovima i najboljim praksama.

Želim vam svima puno uspjeha na izložbi i mnoga lijepa sjećanja iz prekrasnog grada Splita i Hrvatske te vam zahvaljujem što ste izabrali sudjelovati na izložbi ASDA 2021.

S poštovanjem,
Državni tajnik
Zdravko Jakop

WELCOME LETTER

Dear ASDA exhibitors and visitors,

We are very proud that the sixth edition of the Adriatic Sea Defence & Aerospace Exhibition, Conference and Demonstration (ASDA) represents a highly important international event for the Croatian economy, defence and security sector, organized as previously by a specialized international exhibition organizer TNT Productions LLC. We express our gratitude for all the efforts put in the preparation and organization of this manifestation which enables the Croatian producers of military and security equipment to secure a proper place in the international market.

One of the key characteristics of ASDA 2021 is a significant number of foreign delegations, including Defence Ministers, Chiefs of Defence, Army, Navy and Air Force Commanders, National Armaments Directors together with more than 155 exhibitors, among them some of the world's biggest defence manufacturing companies.

All five major exhibition themes - Land Defence, Air Defence, Civil Aerospace, Sea Defence, and Homeland Security are focused on showcasing the latest equipment and systems, and we are looking forward to exploring how they match our interest in improving our security and defence.

I am confident that ASDA 2021 exhibition will demonstrate its benefit to the defence community and military industry and enable the exhibitors for better positioning towards future requirements of the military market.

As a host, we are committed to provide you with excellent conditions for meeting your counterparts, exchanging views on the armaments cooperation, as well as creating an opportunity for networking, collaboration, ideas exchange on current technology trends and best practices.

Wishing you all a lot of success at the exhibition and many fond memories associated with beautiful city of Split and Croatia, I would like to thank you for choosing to participate in ASDA 2021.

Sincerely,
State Secretary
Zdravko Jakop

WELCOME LETTER

Dragi izlagači i posjetitelji,

U ime Organizacijskog odbora ASDA 2021 želim Vam dobrodošlicu na Jadransku vojnu i zrakoplovnu izložbu i konferenciju u Splitu.

Čast mi je i zadovoljstvo što ste naši gosti na šestoj Jadranskoj vojnoj i zrakoplovnoj izložbi ASDA 2021 koja se održava od 29. rujna do 01. listopada u gradu Splitu, gradu koji se nalazi na popisu UNESCO-ove Svjetske kulturne baštine.

Spaladium Arena u Splitu, u blizini pomorske baze Lora, idealno je mjesto za predstavljanje potencijala i kapaciteta široke skupine proizvođača vojne opreme i dobavljača za potrebe obrane.

Želim izraziti zadovoljstvo zbog činjenice da izložba ASDA sve više dobiva na značaju te je postala važna i prepoznatljiva obrambena izložba daleko izvan granica jugoistočne Europe. Vjerujemo da je područje proizvodnje naoružanja i vojne opreme značajan potencijal za rast i razvijanje novih poslovnih prilika.

Ove će godine više od 155 izlagača biti u mogućnosti predstaviti i istražiti koja su najnovija kretanja, tehnike i tehnološka dostignuća te moći raspraviti o mogućim oblicima buduće suradnje ili zajedničkih projekata. Nadamo se da će ova izložba pomoći u podizanju profila poduzeća, u razvijanju novih odnosa i povezivanju.

Vrlo smo zadovoljni odazivom vodećih hrvatskih obrambenih tvrtki za izlaganje na ASDA-i 2021. Razviti hrvatsku obrambenu industriju, do točke da ona bude u stanju u potpunosti opremiti hrvatske vojниke, bio je veliki izazov. Obrambena industrija Republike Hrvatske danas se ističe s nekoliko prepoznatljivih imena na svjetskoj sceni proizvođača oružja i vojne opreme te privlači pažnju i interes mnogih kupaca. Vjerujemo da pravi potencijal hrvatske obrambene industrije još uvjek nije postignut i spremni smo na pružanje čvrste potpore u postizanju tog cilja.

Moje je iskreno uvjerenje kako će vaše sudjelovanje na ASDA-i biti korisno ne samo za jačanje partnerstva već i za obrambenu i sigurnosnu suradnju te će na taj način pridonijeti promicanju mira i sigurnosti.

Kao predsjednik Organizacijskog odbora zahvaljujem organizatorima ovog događaja i svakom pojedincu koji su radili naporno kako bi osigurali uspjeh šeste Jadranske vojne i zrakoplovne izložbe i konferencije. Želim da izložba bude uspješna, a svim gostima i sudionicima što bolje poslovne rezultate te da provedu ugodno vrijeme u Splitu.

S poštovanjem,
Ravnatelj uprave za materijalne resurse
Ivica Grebenar

WELCOME LETTER

Dear exhibitors and visitors,

On behalf of the Organizational Committee ASDA 2021 I wish you a warm welcome to the Adriatic Sea Defence & Aerospace Exhibition and Conference (ASDA-2021) in Split, Croatia.

It is indeed an honour and pleasure to have you as our guests at the sixth edition of ASDA, being held in the UNESCO World Heritage city of Split, Croatia, from September 29 to 01 October 2021.

The Spaladium Arena in Split with its advantage of the close proximity of Lora Naval Base has provided an ideal venue for presenting potentials and capacities of the broad assembly of military equipment manufacturers and defence suppliers.

I would like to express satisfaction with the fact that ASDA has grown and become a significant and recognizable defence exhibition far beyond the borders of South Eastern Europe. We believe that the area of arms and military equipment production has contained a significant potential for growth and emerging business opportunities.

This year more than 155 exhibitors will be able to seize the opportunity to present and explore the latest developments, techniques and technological achievements, as well as discuss possible future cooperation or joint projects. We hope that this respective ASDA exhibition will help to raise the profile of their companies, create relationships and networking.

We are very confident about the positive response of the leading Croatian defence industry companies exhibiting at ASDA 2021. It has been increasingly challenging to develop the Croatian defence industry to the point of being capable to fully equip Croatian soldiers. The defence industry of the Republic of Croatian nowadays excels with a few noticeable names on the world stage of arms and military equipment manufacturers and attracts the attention and interest of many customers. We believe that the real potential of Croatian defence industry has not been reached yet and we are ready to provide our firm support to achieve that objective.

It is my sincere belief that your attendance at ASDA will be beneficial not only to partnership reinforcement but also to defence and security cooperation, thus also contributing to the advancement of peace and security.

I would like to express my sincere thanks to the organizers of this event and to every single individual who have worked very hard to ensure the success of the sixth Adriatic Sea Defence and Aerospace exhibition. I wish ASDA 2021 exhibition a great success, and all guests and participants a most rewarding and enjoyable time in Split.

Sincerely,
DIRECTOR
Ivica Grebenar

WELCOME LETTER

Poštovani izlagači i posjetitelji:

U ime organizacijskog odbora i osoblja TNT Production, zadovoljstvo nam je poželjeti Vam dobrodošlicu na ovom svečanom otvoranju izložbe pod nazivom Adriatic Sea Defense and Aerospace Exhibition – ASDA 2021.

Od početka civilizacije, narodi iz svih svjetskih kultura, povjeravali su svojoj vladini odgovornost da osigura njihovu unutarnju i vanjsku sigurnost.

Tehnike i tehnologija potrebna za postizanje te sigurnosti neprestano se mijenjaju, ali potreba za sigurnosću ostaje uvijek prisutna.

Na izložbi sudjeluje više od 155 izlagača iz 24 vdržave. Pozdravljamo sve izlagače koji su došli pokazati najnovije tehnike i tehnologije za postizanje sigurnosti. Također pozdravljamo i brojne dolaske delegacije Ministarstva obrane, na ovu izložbu i u ovaj prekrasan grad Split.

Organizacija ovakovog događaja zahtjeva veliku suradnju i ogromnu količinu rada. Stoga koristim ovu priliku da se zahvalim svim osobama i organizacijama koje su vrijedno radile u stvaranju ove izložbe.

Posebno želimo zahvaliti našem domaćinu Ministarstvu obrane Republike Hrvatske, upravi grada Splita i naravno, upravljačkom timu Spaladium Arene.

Također bismo željeli zahvaliti Američkom Veleposlanstvu u Zagrebu te cijelom osoblju i dobavljačima na iznimnom radu kako bi napravili ovo svečano otvorenje.

Bez pomoći i podrške svih ovih ljudi i organizacija ova izložba ne bi bila moguća.

Najtoplje i najiskrenije vam se zahvaljujemo.

Hvala Vam.

Justin Webb
President
TNT Productions, LLC.

WELCOME LETTER

Dear Exhibitors & Visitors:

On behalf of the organizing committee and staff of TNT Productions, we would like to welcome you all to the third edition of the Adriatic Sea Defense and Aerospace Exhibition and Conference – ASDA 2021.

Since the dawn of civilization, societies from all of the world's cultures have entrusted their governments with the responsibility to provide for their internal and external security. The techniques and technologies required to achieve this security are constantly changing, but the need is never changing.

Participating in this exhibition are more than 155 companies from 24 different countries. We welcome all of these companies who are displaying many of the most recent techniques and technologies for achieving this security. We also welcome the many visiting Ministry of Defense delegations to the exhibition and to the beautiful city of Split.

Organizing an event like this takes a lot of cooperation and an enormous amount of work, and I would like to take this opportunity to thank the people and organizations that worked very hard to help to create this exhibition.

In particular we would like to thank our host the Ministry of Defence of the Republic of Croatia, the administration of the City of Split and of course the management team of the Spaladium Arena.

We would also like to thank the US Embassy in Zagreb and all of our staff and suppliers in Croatia who have worked incredibly hard to create this sixth edition.

Without the help and support of all of these people and organizations, this exhibition could not have been possible.

We give you our warmest and most sincere thanks.

Thank you.

Justin Webb
President
TNT Productions, LLC.

STAND 127

Zrinsko-Frankopanska 25
HR-40000 Čakovec | CROATIA

Phone: +385 4037 9460
www.cateks.hr

Čateks dd is a company with a tradition of 147 years in the textile industry with three basic production programs vertically connected:

1. weaving and finishing of high-quality fabrics.
2. PU coated materials and laminated materials.
3. ready-made sewn or welded garments, protective medical covers.

The main focus is the production of highly demanding Cordura NYCO fabrics in camouflage pattern or dyed with defined IR values. The company's operations are certified according to ISO 9001: 2015; AQAP 2110 and all products meet the OEKO TEX STANDARD. He has been a long-term supplier of camouflage fabric for combat uniform to the Ministry of Defense of the Republic of Croatia and the Ministry of the Interior, but also to other public institutions and manufacturers of tactical equipment.

Čateks dd je tvrtka sa tradicijom od 147. godine u tekstilnoj industriji s tri osnovna proizvodna programa vertikalno povezanih:

1. traženje i doradi visoko kvalitetnih tkanina.
2. PU prevučeni materijali i laminirani materijali.
3. gotovi šiveni ili vareni odjevni predmeti, zaštitne medicinske navlake.

Glavni fokus je proizvodnja visoko zahtjevnih Cordura NYCO tkanina u masirnoj šari ili bojama s definiranim IR vrijednostima. Poslovanje tvrtke certificirano prema ISO 9001: 2015; AQAP 2110 a svi proizvodi zadovljavaju OEKO TEX STANDARDU. Dugogodišnji je dobavljač maskiranih tkanina za borbenu odoru Ministarsvu obranu RH i Ministarstvu unutarnjih poslova, ali i drugim javnim ustanovama i proizvođačima taktičke opreme.

STAND 758

Punta 6

HR-21310 Omiš | CROATIA

Phone: +385 2143 4711 | Fax: +385 2143 4710

www.galeb.hr

Galeb
SINCE 1951.

Galeb d.d. is a vertically integrated textile company founded in 1951, and for over 70 years we are manufacturing underwear and outerwear products for civilian and institutional sector. Through our integrated production process "from yarn to finished product" (R&D, Knitting & Dyeing, Cutting & Sewing), which takes place at headquarter in Omiš-Croatia, we provide complete service to our customers, with a professional and quality support from our staff members. Special part of our portfolio and our product expertise belongs to FUNCTIONAL UNDERWEAR, intended for those who are often exposed to outer influences, low or high temperatures and intense physical activity. Within this programme the virtues of natural fibers and synthetic fibers are combined to achieve superior skin protection and enable the skin to perform normally under extreme circumstances with functions like heat and flame protection, chemical resistance, thermoregulation, natural cooling, warming, moisture management, inhibition of bacteria growth, prevention of body odor.

ULTRA TERMO – underwear with improved control over temperature of human body and protection from outer influences FIRE STOP – underwear with improved protection from fire and heat WET FREE – underwear with improved control over wet produced by human body. Through decades of experience in development and production, we established long-term cooperations with many institutional business partners (army, police, civil protection, firefighters, etc) in Croatia and worldwide. Our mission is to create clothes in accordance with time and nature, for those who choose only the premium, and we are committed to meeting the requirements of new development trends of industry 4.0 and smart textiles, along with continual improvement of quality, environment and safety.

Galeb d.d. je vertikalno integrirana tekstilna tvrtka osnovana 1951. godine, te više od 70 godina proizvodimo donje rublje i odjeću za civilni i institucionalni sektor. Kroz naš integrirani proizvodni proces «od prediva do gotovog proizvoda» (istraživanje i razvoj, pletenje i kemijska dorada, krojenje i šivanje), koji se odvija u našem sjedištu u Omišu-Hrvatska, pružamo kompletну uslugu svojim kupcima i partnerima, uz profesionalnu i kvalitetnu podršku našeg osoblja. Poseban dio unutar našeg portfelja i stručna ekspertiza pripada FUNKCIONALNOM DONJEM RUBLJU, koje je namijenjeno onima koji su često izloženi vanjskim utjecajima, niskim ili visokim temperaturama i intenzivnoj tjelesnoj aktivnosti. Unutar ovog programa prirodna i sintetička vlakna se kombiniraju kako bi se postigla vrhunska zaštita kože i omogućilo istoj normalno funkcioniranje u ekstremnim okolnostima sa karakteristikama kao što su zaštita od topline i plamena, otpornost na kemikalije, termoregulacija, prirodno hlađenje, upopljavanje, odvlaživanje, inhibicija rasta bakterija, sprječavanje tjelesnog mirisa.

ULTRA TERMO - donje rublje sa kontrolom temperature ljudskog tijela i zaštitom od vanjskih utjecaja FIRE STOP - donje rublje sa zaštitom od vatre i topoline WET FREE - donje rublje sa kontrolom vlage koje proizvodi ljudsko tijelo. Kroz desetljeća iskustva u razvoju i proizvodnji, uspostavili smo dugoročnu suradnju s mnogim institucionalnim poslovnim partnerima (vojska, policija, civilna zaštita, vatrogasci itd.) u Hrvatskoj i diljem svijeta. Naša misija je stvarati odjeću u skladu s vremenom i prirodom, za one koji biraju samo vrhunsko, te smo predani ispunjavanju zahtjeva novih razvojnih trendova industrije 4.0 i pametnog tekstila, uz stalno poboljšanje kvalitete, okoliša i sigurnosti.

GALKOMPS

Established in 1993. as a small family business, driven by passion for leather products and recognized by the customers for uncompromised quality level and attention to details. The company has constantly grown and evolved, investing in new technologies, machinery and most important - skilled employees in both R&D and production department. In 2021. we are proud to present GALKOMPS - highly specialized company segment for research and development, production and distribution of professional defense, law enforcement and security equipment. Brand new MPS (Military/Police/Security) product line with more than 50 products includes combat/tactical platforms (vests, belts, backpacks) and components (pouches, carriers, holsters, bags) that are intended be used separately or as a part of an integrated equipment system for soldiers, police officers, security officers or any similar duty activity. Implementation of latest market trends in production technologies such as laser cutting, usage of special laminates or bonded fabric compositions, thermoforming technologies and production digitalization brings new products, new look and functionality, fresh energy, cost effectiveness and finally a well-established and reliable product portfolio of equipment with exquisite quality level and functionality. Customers or end-users have an option to choose from our exiting pre-developed line of products or decide to take custom approach and to engage into an individual R&D session with our constructors and engineers in order to create fully custom product solutions for more precision and detailedness. Our equipment is built to answer all your service calls and to work together with your needs in any environment. GALKOMPS – solutions beyond expectation!

Naša priča je započela 1993. godine osnivanjem malog obiteljskog obrta. Vođeni strašću prema izradi kožnih proizvoda tvrtka se pozicionirala u vodećeg proizvođača sa posebnom pozornošću na detalje i beskompromisnoj kvaliteti izrade. Posljednjih 18 godina poslovanja tvrtke obilježena su stalnim razvojem i rastom u svim segmentima, investicijama u nove tehnologije, strojni park i ono najvažnije – kvalitetne i profesionalne zaposlenike u proizvodnji i odjelu istraživanja i razvoja. U 2021. Godini ponosno predstavljamo GALKOMPS – visoko specijalizirani segment tvrtke za istraživanje, razvoj, proizvodnju i distribuciju profesionalne vojno-policijske opreme. Potpuno nova MPS (Military/Police/Security) linija uključuje preko 50 novo razvijenih proizvoda koji uključuju taktičke i borbene platforme za nošenje opreme (prsluci, opasači, naprtnjače, torbe) kao i komponente (džepove, nosače, futrole, remene) koji se mogu koristiti kao pojedinačna oprema ili kao dio integralnog sustava pri potpunom opremanju modernog i suvremenog vojnika, policajca, zaštitarskog djelatnika ili bilo kojeg drugog operatera koji se bavi sličnom djelatnošću. Implementacija najnovijih trendova u proizvodnji opreme po pitanju dizajna, namjene i funkcionalnosti, kao i korištenje naprednih sirovina i tehnologija izrade poput laserskog rezanja/krojenja, upotrebe specijalnih laminiranih tehničkih tkanina i materijala, implementacija tehnologije termoformiranja kao i optimizacija proizvodnje automatiziranim šivačim strojevima omogućili su stvaranje kvalitetne, konkurenčne i profesionalne linije pouzdanih i funkcionalnih proizvoda u segmentu osobne opreme. Krajnji korisnici naših proizvoda imaju mogućnost izbora iz pred razvijene GALKOMPS palete opreme ili mogu odabrati personalizirani pristup te sa našim timom stručnjaka iz odjela istraživanja i razvoja prilagoditi proizvod svojim potrebama ili razviti potpuno novi artikl sukladno detaljnim potrebama korisnika. Naša oprema stvarana je i izrađena da može odgovoriti svakom pozivu i zadaći koje od vas traži vaša djelatnost ili služba u bilo kojem trenutku i u svakom okruženju. GALKOMPS – rješenja iznad očekivanja!

HS Equipped with unparalleled experience forged across 30 years of firearms production, HS has grown into one of the world's leading manufacturers of top-quality small arms, with one of the largest production factories in the business. Ever since its foundation, advanced thinking has been the focus of HS manufacturing, and has proven to be the main factor behind the international success of the HS pistol line, which was developed using the latest technological achievements and real-world combat experience. Following the success of the HS pistol line, a surge of demand for HS products enabled the company to make significant investments into manufacturing facilities, equipment and engineer workforce, leading to HS becoming one of the foremost manufacturing leaders on the international market. Today, HS takes great pride in its reputation for delivering innovative, high-performance quality firearms with a strong focus on the development of technologically advanced, reliable products. Each HS product is developed from years of expertise and research, ensuring that our final products reflect our uncompromising commitment to excellence and safety. This is recognised the world over by both experts and end-users, who repeatedly award our state-of-the-art handguns. EXCELLENCE We take pride in our uncompromising commitment to delivering high-quality firearms. All our firearms are produced in cutting-edge, modern facilities equipped with advanced manufacturing processes, and are tested to perfection in order to ensure unrivalled reliability, safety, precision and endurance. SAFETY In today's world, safety is of primary importance, and therefore, it is our duty and moral responsibility to look after our customers' protection. Safety functions best when there is a good connection between customers and designers, and with this in mind, our goal from the start has always been to innovate based on real-life experience, and to design products that will benefit our end-users. Taking proactive measures is the key to creating a responsible culture, in which our firearms bring a new degree of safety to your life. FLEXIBILITY Our passion leads the way. We are flexible and able to quickly adapt to the needs and demanding requirements of the ever-changing new world, with a drive to produce innovative, high-quality products and intelligent technology for a safer tomorrow. We remain loyal to the philosophy of constant, uninterrupted exchange of ideas between the field operators and our engineers and designers. By absorbing the real-life experiences from users across the world, as well as making use of our real combat experience from the Homeland War, we are able to ensure that our products continue to be cutting-edge, always providing exactly what real-life operators need and appreciate. E-SOLUTIONS Innovation is at the core of our company. Our modern Research and Development Centre strives to develop intelligent technology, leading to improvements not only in the defence and security segment, but also in the civil segment, sharing innovative new solutions with related industries to drive the future. MISSION We are the leading firearms manufacturer, producing advanced solutions which change the perception of firearms. VISION Developing solutions which lead the way toward a safer future.

Phone: +385 1377 2777
www.kroko.hr

RESEARCH. INNOVATE. DEVELOP. ENHANCE. KROKO is a family-run business founded in 1961. At the beginning the company was handcraft oriented, producing hi-end leather goods for fashion industry. From the start the company was recognised by customers for its high quality products and make-to-measure projects. In the '90s; we developed our first camouflage pattern and started to produce professional military and law enforcement equipment. Achieving what we have today was a long-term process, During our transformation time we were learning and adapting. We spent thousands of hours researching and testing new materials, trims, accessories and manufacturing techniques, visiting fairs and talking to end-users, always incorporating new methods and processes that led towards a better, more contemporary product that was more appropriate for modern warfare needs. Today, we serve Croatian Armed Forces, Croatian police and the world for over 25 years, manufacturing our own product designs, developing and offering new solutions of apparel, tactical and ballistic equipment, camouflage patterns, backpacks, holsters, belts and other specialized equipment - changing the way the soldier looks and operates. Along with the production part, Kroko gained exclusive distribution rights for many top quality and military approved international brands such as ESS, Camelbak, 5.11 Tactical, SureFire, Danner, Belleville, Marlow etc. Our customers include Croatian Armed Forces, Croatian Police, Ministry of Justice and other government institutions. The quality of product has also been recognised internationally so the company exports its products to Germany, Switzerland, Kuwait, Saudi Arabia, Montenegro, Kosovo, South African Republic and others.

KROKO je obiteljska tvrtka osnovana 1961. godine, a nakon 30 godina iskustva u proizvodnji kožne galeranterije i uspješnog rada u modnoj industriji tvrtka se, početkom 90-ih godina, s razvojem prve hrvatske maskirne šare i odore, usmjerava prema tržištu vojne i policijske opreme. Kroz dugogodišnji rad, razvoj i prilagođavanje potrebama suvremenih vojnih i policijskih postrojbi, a u skladu s novim tehnologijama i mogućnostima tvrtka se pozicionirala kao vodeći regionalni proizvođač. KROKO tržištu nudi širok assortiman proizvoda poput uniformi, opasača, balističkih prsluka, naprtnjača i torbica raznovrsnih namjena. Osim razvoja gotovih proizvoda KROKO, u suradnji sa stranim partnerima, razvija i testira materijale za izradu odjeće posebnih namjena i nošenje u ekstremnim vremenskim uvjetima. Kvalitetu KROKO proizvoda prepoznale su državne organizacije mnogih stranih zemalja, uključujući Francusku, Njemačku, Švicarsku, Portugal, Crnu Goru, Dansku, Albaniju, Portugal, Ukrajinu, Saudijsku Arabiju, Irak, Indoneziju, Maleziju i mnoge druge. Ponosno možemo istaknuti višegodišnje suradnje i pravo ekskluzivne distribucije za vodeće svjetske brendove kao što su 5.11 Tactical, SureFire, Danner, Belleville, Marlow i ostali.

NAMMO AS

STAND 1317

P.O. Box 142
NO-2831 Raufoss | NORWAY

Phone: +47 9923 1384

www.nammo.com

Nammo is an international aerospace and defense company headquartered in Norway. With over 2700 employees across more than 24 sites and offices in 12 countries, we are one of the world's leading providers of ammunition and rocket motors for both military and civilian customers.

Nammo was formed in 1998 through a merger of ammunition businesses in Norway, Sweden, and Finland, and today owned equally by the Norwegian Ministry of Trade, Industry and Fisheries and the Finnish aerospace and defense company Patria Oyj.

Nammo manufactures superior quality ammunition for some of the world's most demanding customers, both military and civilian. Our product portfolio includes shoulder-launched munitions systems, ammunition for military applications, sports shooting and hunting, rocket motors for military and space applications, and environmentally friendly demilitarization services.

Nammo je međunarodna obrambena tvrtka sa sjedištem u Norveškoj. S više od 2700 zaposlenika na više od 34 lokacije i s uredima u 12 zemalja, jedan smo od vodećih svjetskih dobavljača streljiva i raketnih motora za vojne i civilne kupce.

Nammo je nastao 1998. spajanjem tvrtki koje se bave proizvodnjom streljiva u Norveškoj, Švedskoj i Finskoj, a danas vlasništvo tvrtke u istim omjerima dijele Kraljevina Norveška i Finska tvrtka Patria Oyj. Nammo proizvodi streljivo vrhunske kvalitete za neke od najzahtjevnijih korisnika u svijetu, kako vojnih tako i civilnih. Naš portfelj proizvoda uključuje streljivo vojne namjene, raketne motore za vojne i svemirske namjene, usluge demilitarizacije prihvatljive za okoliš, streljivo za sustave ispaljivanja s ramena te sportsko gađanje i lov.

Streljivo

Nammo je proizvođač streljiva malog, srednjeg i velikog kalibra vrhunske kvalitete.

Sistemi za ispaljivanje s ramena

Nammo ima široki spektar sistema za ispaljivanje s ramena koji zadovoljavaju potrebu većine vojnika u današnjim situacijama.

Raketni motori

Nammo ima jedinstvene sposobnosti inženjeringu, analize i proizvodnje raketnih motora visokih performansi te primjene istih.

Demilitarizacija

Nammo je vodeća tvrtka u svijetu demilitarizacije prihvatljive za okoliš.

Pomorski centar za elektroniku d.o.o.
SPLIT

PCE is a company of special interest to the Republic of Croatia and was founded by the Government of the Republic of Croatia with the basic task of technical maintenance and development of highly sophisticated electronic devices and systems for the needs of the Croatian Army and the civilian market. PCE has certified engineers of electronics, electrical engineering, mechanical engineering and computer science and technicians of electronics and electrical engineering. All PCE engineers and technicians are highly trained and certified for the installation, repair, commissioning, maintenance and servicing of systems, have extensive experience in the development, integration and maintenance of systems on warships and stationary facilities. PCE plans, harmonizes and manages its operations in accordance with the Code of Corporate Governance of companies majority owned by the Republic of Croatia, responsibly and transparently, and in accordance with ISO 9001:2015 applies strict quality control in process of development, integration, production and maintenance. PCE has a Business Security Certificate from the Office of the National Security Council of the Republic of Croatia, Information System Security Accreditation Certificate and other certificates required for ship work in accordance with Croatian Ship Register requirements. We are in the process of adopting NATO standards AQAP 2110 and 2131 for the development, production and maintenance of electronic systems and our metrology laboratory is in process of certification for ISO IEC 17025:2017. One of our developed products that is already on the market is cryptographic device TELSEC designed to protect voice, data and video, against interception on communication channel. The device is certified by Information Systems Security Bureau (ISSB) of the Republic of Croatia. We have another cryptographic device in the final stage of development named Elcrypt-100, device that is designed to protect Ethernet L2 packets, against interception on communication channel.

PCE je društvo od posebnog interesa za Republiku Hrvatsku, a osnovala ga je Vlada Republike Hrvatske s osnovnom zadaćom tehničkog održavanja i razvoja visoko sofisticiranih elektroničkih uređaja i sustava za potrebe Hrvatske vojske i civilnog tržišta. PCE ima certificirane inženjere elektronike, elektrotehnike, strojarstva i računarstva te tehničare elektronike i elektrotehnike. Svi inženjeri i tehničari PCE-a su visoko osposobljeni i certificirani za poslove ugradnje, popravka, puštanja u pogon, održavanja i servisiranja sustava, imaju bogato radno iskustvo u razvoju, integraciji i održavanju sustava na ratnim plovilima kao i stacionarnim objektima. PCE svoje poslovanje planira, usklađuje i vodi u skladu s Kodeksom korporativnog upravljanja trgovačkim društvima u većinskom vlasništvu Republike Hrvatske, odgovorno i transparentno te sukladno normi ISO 9001:2015 primjenjuje strogu kontrolu kvalitete u procesu razvoja, integracije, proizvodnje i održavanja. PCE ima Certifikat poslovne sigurnosti Ureda vijeća za nacionalnu sigurnost RH, Certifikat sigurnosne akreditacije informacijskog sustava ZSIS-a i druge certifikate potrebne za radove na brodovima u skladu sa zahtjevima Hrvatskog registra brodova. U postupku smo usvajanja norme NATO AQAP 2110 i 2131 za razvoj, proizvodnju i održavanje elektroničkih sustava, a naš mjeriteljski laboratorij je u postupku certifikacije za ISO IEC 17025: 2017 Jedan od naših razvijenih proizvoda koji se već nalazi u prodaji je strogo namjenski sklopovski uređaj TELSEC koji služi za kriptografsku zaštitu govornog, podatkovnog i videa prometa. Uređaj je certificiran od strane Zavoda za sigurnost informacijskih sustava (ZSIS). U završnoj fazi razvoja je još jedan strogo namjenski sklopovski uređaj Elcrypt-100 koji služi za kriptografsku zaštitu Ethernet L2 paketa.

We are headwear manufacturer from Zagreb, Croatia. Our history begins in 1866 when company is founded. We are professional manufacturer of official hats, caps, baseball and work caps. Our product line also include top quality embroidery products. We supply uniform caps and hats for Police and State agencies, Firefighters, Military. All Croatian Ministries are wearing uniform caps and hats made by Šešir or Kap-ko. Our professional team and in-house designers are key to our success to give on time delivery and consistent quality of products and service. We are trying to meet all requirements of customers and hope to build up a long-term partnership with our buyers.

Poduzeće "Šešir" Zagreb osnovano je 1866. Godine u Ilici 10, a od 1910. godine nalazi se u Ilici 29. Prvobitna djelatnost bila je izrada muških i ženskih šešira od zeče, devine dlake i vune kao i svih ostalih vrsta pokrivala za glavu za muškarce žene i djecu. Navedeni proizvodi izrađivali su se sve do 1980. godine kada se zbog promjena na tržištu i sve manje potražnje za šeširima, okreće proizvodnji službenih i radnih kapa. Danas je "Šešir" jedini proizvođač službenih kapa i šešira u Hrvatskoj, ali i široj regiji. Svojom kvalitetom i tehničkom opremljenosti tvrtka se nalazi u visokoj spremnosti brzo i pouzdano odgovoriti na sve zahtjeve svojih kupaca. Referentna lista kojom se tvrtka može pohvaliti a na kojoj se ističu Ministarstvo obrane, Ministarstvo unutarnjih poslova, Ministarstvo financija, Ministarstvo mera prometa i infrastrukture, Hrvatske željeznice, Hrvatska pošta, Hrvatska vatrogasna zajednica te ZET dovoljno govori o kvaliteti samih proizvoda. Tvrta u proizvodnji koristi konce i materijale koji posjeduju certifikat OEKO-TEX® Standard 100.

ŠESTAN-BUSCH D.O.O.

STAND 625

**Industrijska zona 3
HR-40323 Prelog | CROATIA**

**Phone: +385 4064 6330 | Fax: +385 4064 6300
www.sestan-busch.hr**

Since its founding in 1995, ŠESTAN-BUSCH has followed quality policies and principles, passed down from its owners (the ŠESTAN family from Croatia and the BUSCH family from Germany), which require monitoring and meeting the highest World standards in the production of safety equipment, corporate social responsibility and production of the highest quality products that protect the life and health of end users and customers. The SECURITY & DEFENCE area in which ŠESTAN-BUSCH operates is the most demanding production niche for manufacturing. This niche market does not allow tolerance for defective products or unprofessionalism. ŠESTAN-BUSCH is dedicated to manufacturing according to the latest technologies and standards, insisting on cooperation with end users in order to develop the optimal product tailored to the specific needs of each customer separately. The ŠESTAN-BUSCH production processes are under the constant supervision of our own engineers and experts trained for the special purpose production, but also under constant external control based on ISO and AQAP standards. We are proud to have delivered over 2.5 million safety helmets from our production plant in Prelog, Croatia, to date. More than 70 countries in the World have selected ŠESTAN-BUSCH safety helmets and equipment to protect their defense and security forces, primarily military and police forces. Our pride is also the constant supply of protective helmets to the Croatian military and police. From the very beginning of the creation of the independent state of Croatia and the Croatian Homeland War, ŠESTAN-BUSCH made itself available to the defence of the Homeland through the delivery of the first helmets immediately used by our armed forces in the most demanding war conditions.

Od svojeg osnutka u 1995 godini, ŠESTAN-BUSCH u svojim politikama kvalitete slijedi postulate prenesene od svojih vlasnika (obitelji ŠESTAN iz Hrvatske i obitelji BUSCH iz Njemačke) koji nalažu praćenje i zadovoljavanje svih svjetskih standarda u proizvodnji zaštitne opreme, društveno odgovorno poslovanje, te izradu proizvoda najviše kvalitete koji štite život i zdravlje krajnjih korisnika. Područje SIGURNOSTI i OBRANE u kojima posluje tvrtka ŠESTAN-BUSCH predstavlja najzahtjevnu tržišnu nišu za proizvodnju. Tržišnu nišu koja ne dozvoljava prostor za proizvode s greškom ili neprofesionalnost. ŠESTAN-BUSCH posvećen je proizvodnji prema najnovijim tehnologijama i standardima, uz inzisitiranje na suradnji sa krajnjim korisnicima u cilju razvoja optimalnog proizvoda krojenog prema specifičnim potrebama svakog kupca zasebno. Proizvodni procesi ŠESTAN-BUSCH pod stalnim su nadzorom vlastitih inženjera i stručnjaka obučenih za namjensku proizvodnju, ali i pod stalnom vanjskom kontrolom po standardima ISO i AQAP. Ponasni smo da smo u dosadašnjem poslovanju, do 2020, isporučili preko 2,5 miliona zaštitnih kaciga iz naše proizvodnje u Prelogu, Hrvatska. Preko 70 zemalja Svilja odabralo je zaštitne kacige i opremu ŠESTAN-BUSCH u cilju zaštite vlastitih obrambeno-sigurnosnih snaga, primarno vojnih i policijskih snaga. Naš ponos je i isporuka zaštitnih kaciga Hrvatskoj vojsci i policiji. Od samog početka stvaranja neovisne države Hrvatske i Domovinskog rata, tvrtka ŠESTAN-BUSCH stavila se na raspolažanje obrani Domovine kroz isporuku prvih kaciga koje su odmah korištene od strane naših oružanih snaga u najzahtjevnijim ratnim uvjetima.
